

# Really Local. Truly Global.

We think it's important to be close to our customers, which is why you'll find Eurofins at nine locations from Auckland to Invercargill. And, we are still growing - adding new capacity and logistics to make sure our world-class food and water laboratory testing is accessible to all who need it.

## Our testing services include:

- Microbiology
- Food Chemistry
- Food Nutrition
- Allergens
- Stability and Shelf Life
- Pathogens
- Sensory Evaluations
- Potable Water and Seawater
- Pesticide Residues

Really Local. Truly Global.

# Bringing global expertise to regional New Zealand.

While our roots are local, our expertise is global. As part of a unique global network of 950 laboratories, we tap into specialist centres of excellence for the latest testing technologies, and have access to over 200,000 analytical methods, offering you specialist analysis to support your local and export testing requirements.

## Choose the lab that offers:

- Competitive pricing
- Fast TATs so you can release your products faster
- Dedicated and experienced Analytical Service Managers as a single point of contact for all your day-to-day enquiries
- Real time visibility and sample tracking with our on-line customer portal
- Unparalleled service resilience
