

## Eurofins BD Team Re-shaped

We are pleased to announce a reshaping of our National Business Development (Sales) Team Nationally across Environment Australia.

Previously **Rhonda Chouman** has Managed BD across Victoria, Tas, NSW & NT. In past years Rhonda has also managed and built a strong relationship with our clients in SA and we are pleased to announce that the changes that we are making will enable Rhonda to once again look after our Sales in South Australia. Rhonda is very excited to again look after our South Australian clients and to build on some long term and strong friendships that Rhonda & Eurofins has built in Adelaide over the years.

To enable this to happen we are excited to announce the addition of **Callum McEwan** to our Vic/NSW/SA/Tas/NT Business Development Team working with Rhonda across those markets.

Callum will bring the enthusiasm of youth and ideas to our BD team. Whilst being a recent employee to our Team at Eurofins Callum has quickly won the trust and respect of all staff across all Business Lines and Management and we look forward to Callum doing the same across our new and current clients.

**Rhonda Chouman**  
Vic/NSW/SA/Tas/NT

**Callum McEwan**  
Vic/NSW/SA/Tas/NT

**Michael Horne**  
Queensland

**Matt Deaves**  
Western Australia

**Michael Horne** continues growing our market share strongly across Queensland likewise **Matt Deaves** continues doing the same across our expanding Western Australian business.

We welcome Callum to our BD team nationally and look forward to seeing his success and Eurofins on going expansions in the future.

### Local Support Strengthened in Adelaide

Our localised presence in Adelaide will be strengthened with the addition of new staff to our existing ASM support staff currently working from our new Adelaide office.

This will increase client service levels locally for our Adelaide clients and the new Adelaide ASM support team will work closely with Rhonda, Callum & Eurofins Management to strengthen client relationships even further in SA.
