

## Christmas Shutdown Dates

As the Christmas and holiday season approaches, we'd like to take this opportunity to thank you for your continued partnership. All of our laboratories and offices will be taking a break over this period and, to ensure your samples are analysed within holding times, it is advisable to get your samples to us by COB on Friday 13<sup>th</sup> December in order to get results finalised before the break.

We will, of course, accept samples throughout where urgent TAT is required, to be reported any time between Monday 16<sup>th</sup> December and Monday 6<sup>th</sup> January, please speak with your Analytical Services Manager (ASM) and we will support you wherever possible. The last day for accepting samples for Microbiological analysis will be Wednesday 18<sup>th</sup> December.

If other specific arrangements are required, speak with one of our ASMs to determine if and how we can meet your needs.

### Auckland and Christchurch Laboratories

Monday 23rd December	Normal hours in all laboratories. Please consider short holding time analysis
Tuesday 24th December	Normal hours in all laboratories. Please consider short holding time analysis
Wednesday 25th December	Laboratory closed
Thursday 26th December	Laboratory closed
Friday 27th December	Laboratory closed
Monday 30th December	Laboratory closed
Tuesday 31st December	Laboratory closed
Wednesday 1st January	Laboratory closed
Thursday 2nd January	Laboratory closed
Friday 3rd January	Laboratory closed
Monday 6th January	Normal hours in all laboratories

Please speak with our ASMs to arrange delivery of samples to laboratories through our local courier provider during these dates.

***May your Christmas and the New Year be filled with much health, safety, joy and happiness! We look forward to working with you in 2020!***
