Based upon your request and documentation received May 14, 2026, the following changes were made to your Annual Certified Parameter List (ACPL). An updated Fiscal Year 2026 (FY26) ACPL is enclosed. This will replace the current ACPL your laboratory holds. Please review it carefully and notify this office immediately if any discrepancies are noted. If there are any discrepancies, please contact the OQA to verify information and make arrangements for a new ACPL within 7 business days of receipt. Any updates not received within 7 days may require a full modification package.
