Kamila Reichert  
Eurofins Built Environment Testing East – Cary NC  
730 SE Maynard Road  
Cary, NC 27511

Laboratory No: 9025  
Effective Date: 4/01/2026

Dear Kamila Reichert:

SUBJECT: Laboratory Certification

The information supplied to this office originating from the New York State Department of Health and your laboratory has been reviewed. Based on the New York State Department of Health Certification of Eurofins Built Environment Testing East – Cary NC (formerly Eurofins CEI – Cary NC), the Michigan Department of Environment, Great Lakes, and Energy (EGLE) will accept the results generated by your facility for compliance monitoring under the Safe Drinking Water Act, 1976 PA 399, as amended. The results that will be accepted are for the following contaminants and certification levels:

**Inorganic Chemistry**

Certified Parameters:

Asbestos (via US EPA Method 100.2)

Our acceptance of results and certification of Eurofins Built Environment Testing East – Cary NC for asbestos examination of drinking water is contingent on your continued certification by the New York State Department of Health. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state approved supplier on a running 12-month basis throughout the certification period.

Our certification of your facility will expire on April 1, 2027.

Kamila Reichert

Laboratories are required to submit a completed application with the required supporting documentation every three years. Your three-year re-application date is April 1, 2028. In addition, **laboratories are required to forward a copy of the certificates and on-site inspection report with the laboratory's corrective action reply once they renew in their home state, and other states used to support the reciprocal certification. Based on these documents and the laboratory's proficiency testing status, you will be reissued reciprocal certification for the State of Michigan with effective and expiration dates matching the home state certification.** Seven months in advance of "three-year re-application date" you will be emailed a complete certification re-application package.

At your option, you may display the enclosed certificate. If you have questions regarding this information, please contact me by phone at 517-930-7040 or by email at [lundyg@michigan.gov](mailto:lundyg@michigan.gov).

Sincerely,

A handwritten signature in cursive script that reads "Gregg A. Lundy".

Gregg A. Lundy  
Laboratory Certification Officer
