Chemical testing
Sampling
Sensory testing

The laboratory is accredited for a flexible scope regarding:

- Parameters
 - Performance of methods
- within parts of the scope

CPR Regulation (EU) 2011/305 on construction products

Accreditation for testing and assessment of compliance of construction products in accordance with the constructions products regulation (CPR) EU/305/2011 and relevant harmonised standards.

The accreditation scope comprises the horizontal specifications given below.

The company complies with relevant requirements for notified bodies in the Regulation (EU) 2011/305.

The accreditation scope is specified below for each of the sector groups.

The Sector Groups are established in accordance with the Regulation article 55 and as described in NB-CPR/IR/3, annex A.

The laboratory is notified organ with respect to the Construction Products Regulation with ID nr. 2657.

The parts of the harmonised standard that can be performed as accredited testing are specified in the list of methods available via DANAKs register <http://english.danak.dk/database-of-accredited-companies>, for lines marked "Nando-CPR".

The Conformity Assessment Body

- does not subcontract any tasks connected with the stated conformity assessment procedures
- is a member of the sector specific co-ordination group for Notified Bodies.
