Testing

Accreditation for testing in compliance with requirements in DS/EN ISO/IEC 17025:2017.
Detailed list of methods is available via <https://danak.org/TEST522>

Fields of Testing
Chemical testing Sampling Sensory testing

CPR Regulation (EU) 2011/305 on construction products

Accreditation for testing and assessment of compliance of construction products in accordance with the construction products regulation (CPR) EU/305/2011 and relevant harmonised standards.

The accreditation scope comprises the horizontal specifications given below. The company complies with relevant requirements for notified bodies in the Regulation (EU) 2011/305.

The accreditation scope is specified below for each of the sector groups.

The Sector Groups are established in accordance with the Regulation article 55 and as described in NB-CPR/IR/3, annex A.

The laboratory is notified organ with respect to the Construction Products Regulation with ID nr. 2657.

The parts of the harmonised standard that can be performed as accredited testing are specified in the list of methods, <https://danak.org/TEST522>, for lines marked "Nando-CPR".

The Conformity Assessment Body

- does not subcontract any tasks connected with the stated conformity assessment procedures
- is a member of the sector specific co-ordination group for Notified Bodies.
