

IFDAT

2019

Ottawa, CA
Oct 16-17

Conference Location

Ottawa is Canada's capital, rich in culture and heritage with its many national institutions, parklands, waterways and historic architecture. Come experience this vibrant and colorful city nestled on the banks of the majestic Ottawa, Rideau and Gatineau Rivers. The conference will be held inside the famous Ottawa Art Gallery.

ALCOHOL & DRUG TESTING

Workplace Risk Reduction Summit

The International Forum for Drug and Alcohol Testing (IFDAT) is an annual event where drug testing and related industry professionals join together to identify and improve the challenges of testing in different regions of the world.

After a decade of development, IFDAT has grown into the premiere global event attended by a community of influential stakeholders and world renowned expert speakers. The IFDAT community shares a single-minded focus on workplace risk reduction through sharing approaches to managing the risks that alcohol and drugs in the workplace pose.

IFDAT gathers global industry authorities, technical experts and regulators to amplify the facts, technologies and approaches --- in other words; the lessons worth sharing on workplace risk reduction.
